The basic salary of the CEO shall be revised annually and shall evaluate the performance of the CEO, the development of salaries for similar positions in comparable companies and the general performance and operations of the Company.

EXPOSITION WITH THE REMUNERATION POLICY FOR EIMSKIPAFÉLAG ÍSLANDS HF.

Act no. 89/2006 added Article 79 a. to the act on Public Limited Companies. The article has been amended with laws no. 87/2009 and no. 68/2010. The article requires the Board of Directors to set forth a Remuneration Policy prior to the general meeting of the shareholders where it is put to a vote. The Remuneration Policy shall stipulate the salary and other payments to the CEO and other key employees, as well as the Board of Directors. The Act also states that the Remuneration Policy shall include all fundamentals on terms of employment of executives and Board Members along with the Company's policy on agreements with ranking employees and Board Members. It shall moreover include details on if, how, under what circumstances and within what limits the management and directors can receive additional awards in the form of delivery of shares, performance-based payments, share options and any and all payment having

to do with Company shares or the future value of such shares (stock incentives), loan contracts, pension funds, retirement or redundancy payments.

The before mentioned legislative change was made on the grounds of Commission Recommendation 2004/913/EC of 14 December 2004 fostering an appropriate regime for the remuneration of directors of listed companies.

The share option plan sets forth a long-term incentive program intended to align the interests of the CEO, Executive Management and other key employees of the Company, on one hand, and its shareholders, on the other hand, with a system which takes capital costs into account and adjusts for dividend payments, and as such seeks the equality of share option holders and shareholders. Share option holders do not profit from the share option plan without measures having a positive effect on the Company's share price in the long term and the program is designed in such a manner that short term effects on the Company's share price are not taken into account. The program also stipulates that the CEO, Executive Management and other key employees must retain a certain number of shares until such time that a certain multiple of their base salary is reached, when taxes have been deducted, until the relevant employees are no longer employed with the Company, pursuant to point 4 of Art. 79. a. Para. 1. of the Icelandic Act on Limited Liability Companies. The share option plan otherwise corresponds with the aforementioned Art. 79. A., Para. 1 of the Act on Limited Liability Companies, as well as the Guidelines of the Iceland Chamber of Commerce, the SA Confederation of Icelandic Enterprise and Nasdaq Iceland on Corporate Governance, 6th Edition.

With this Remuneration Policy, hereby submitted to the Annual General Meeting of the shareholders, the Board of Directors of Eimskipafélag Íslands hf. aims to set forth a Remuneration Policy that will enable the Company to attract leading individuals and thereby guaranteeing the Company's competitiveness on an international basis and compliance with law and regulations.

Approved at the Annual General Meeting on March 7th 2024.
